

# ADVENTURES of GOD

Please don't  
call me that...

Did you plant  
dinosaur fossils to  
screw with people?

What? No,  
of course not!

Don't you remember  
creating the dinosaurs?

Uhhh...

**BIG.**

**ASS.**

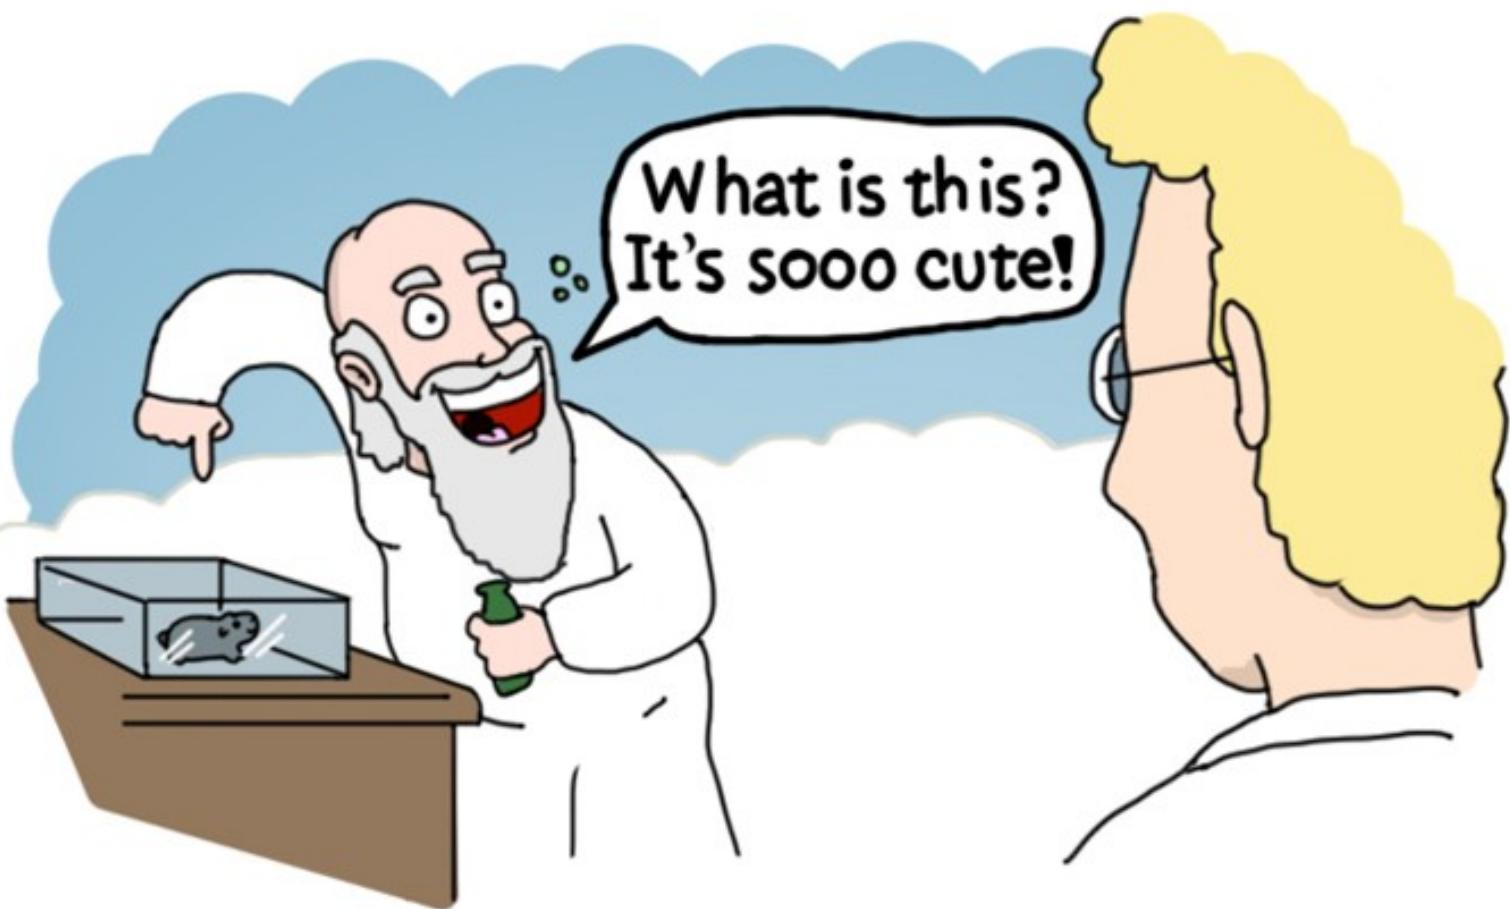

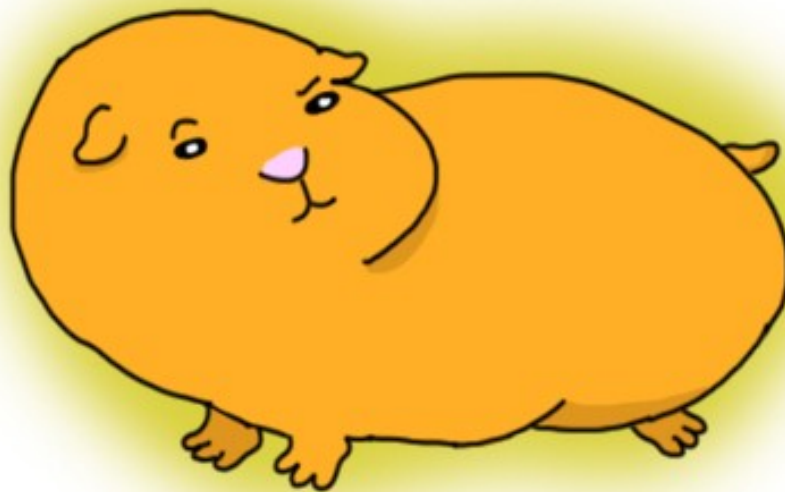

No way! Why would I make a species and then get them extinct?

Sigh...

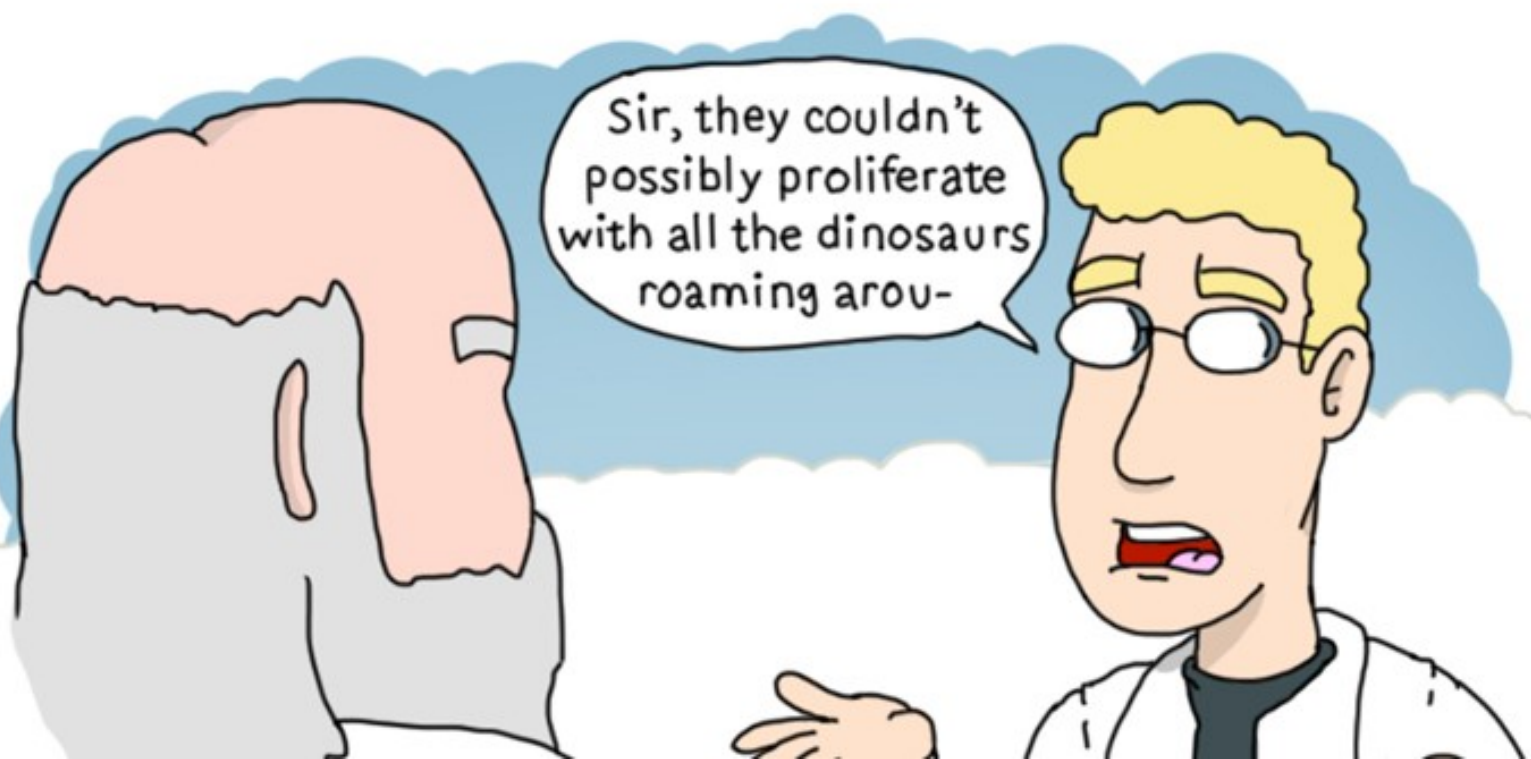

It's a new species, sir.  
We call it the "guinea pig"

I want them  
on Earth NOW!

Dude, you need  
to stop drinking

I know, I know
