

Please have your sound on for this chapter

They say you're a **monster**...

...and that might be true.

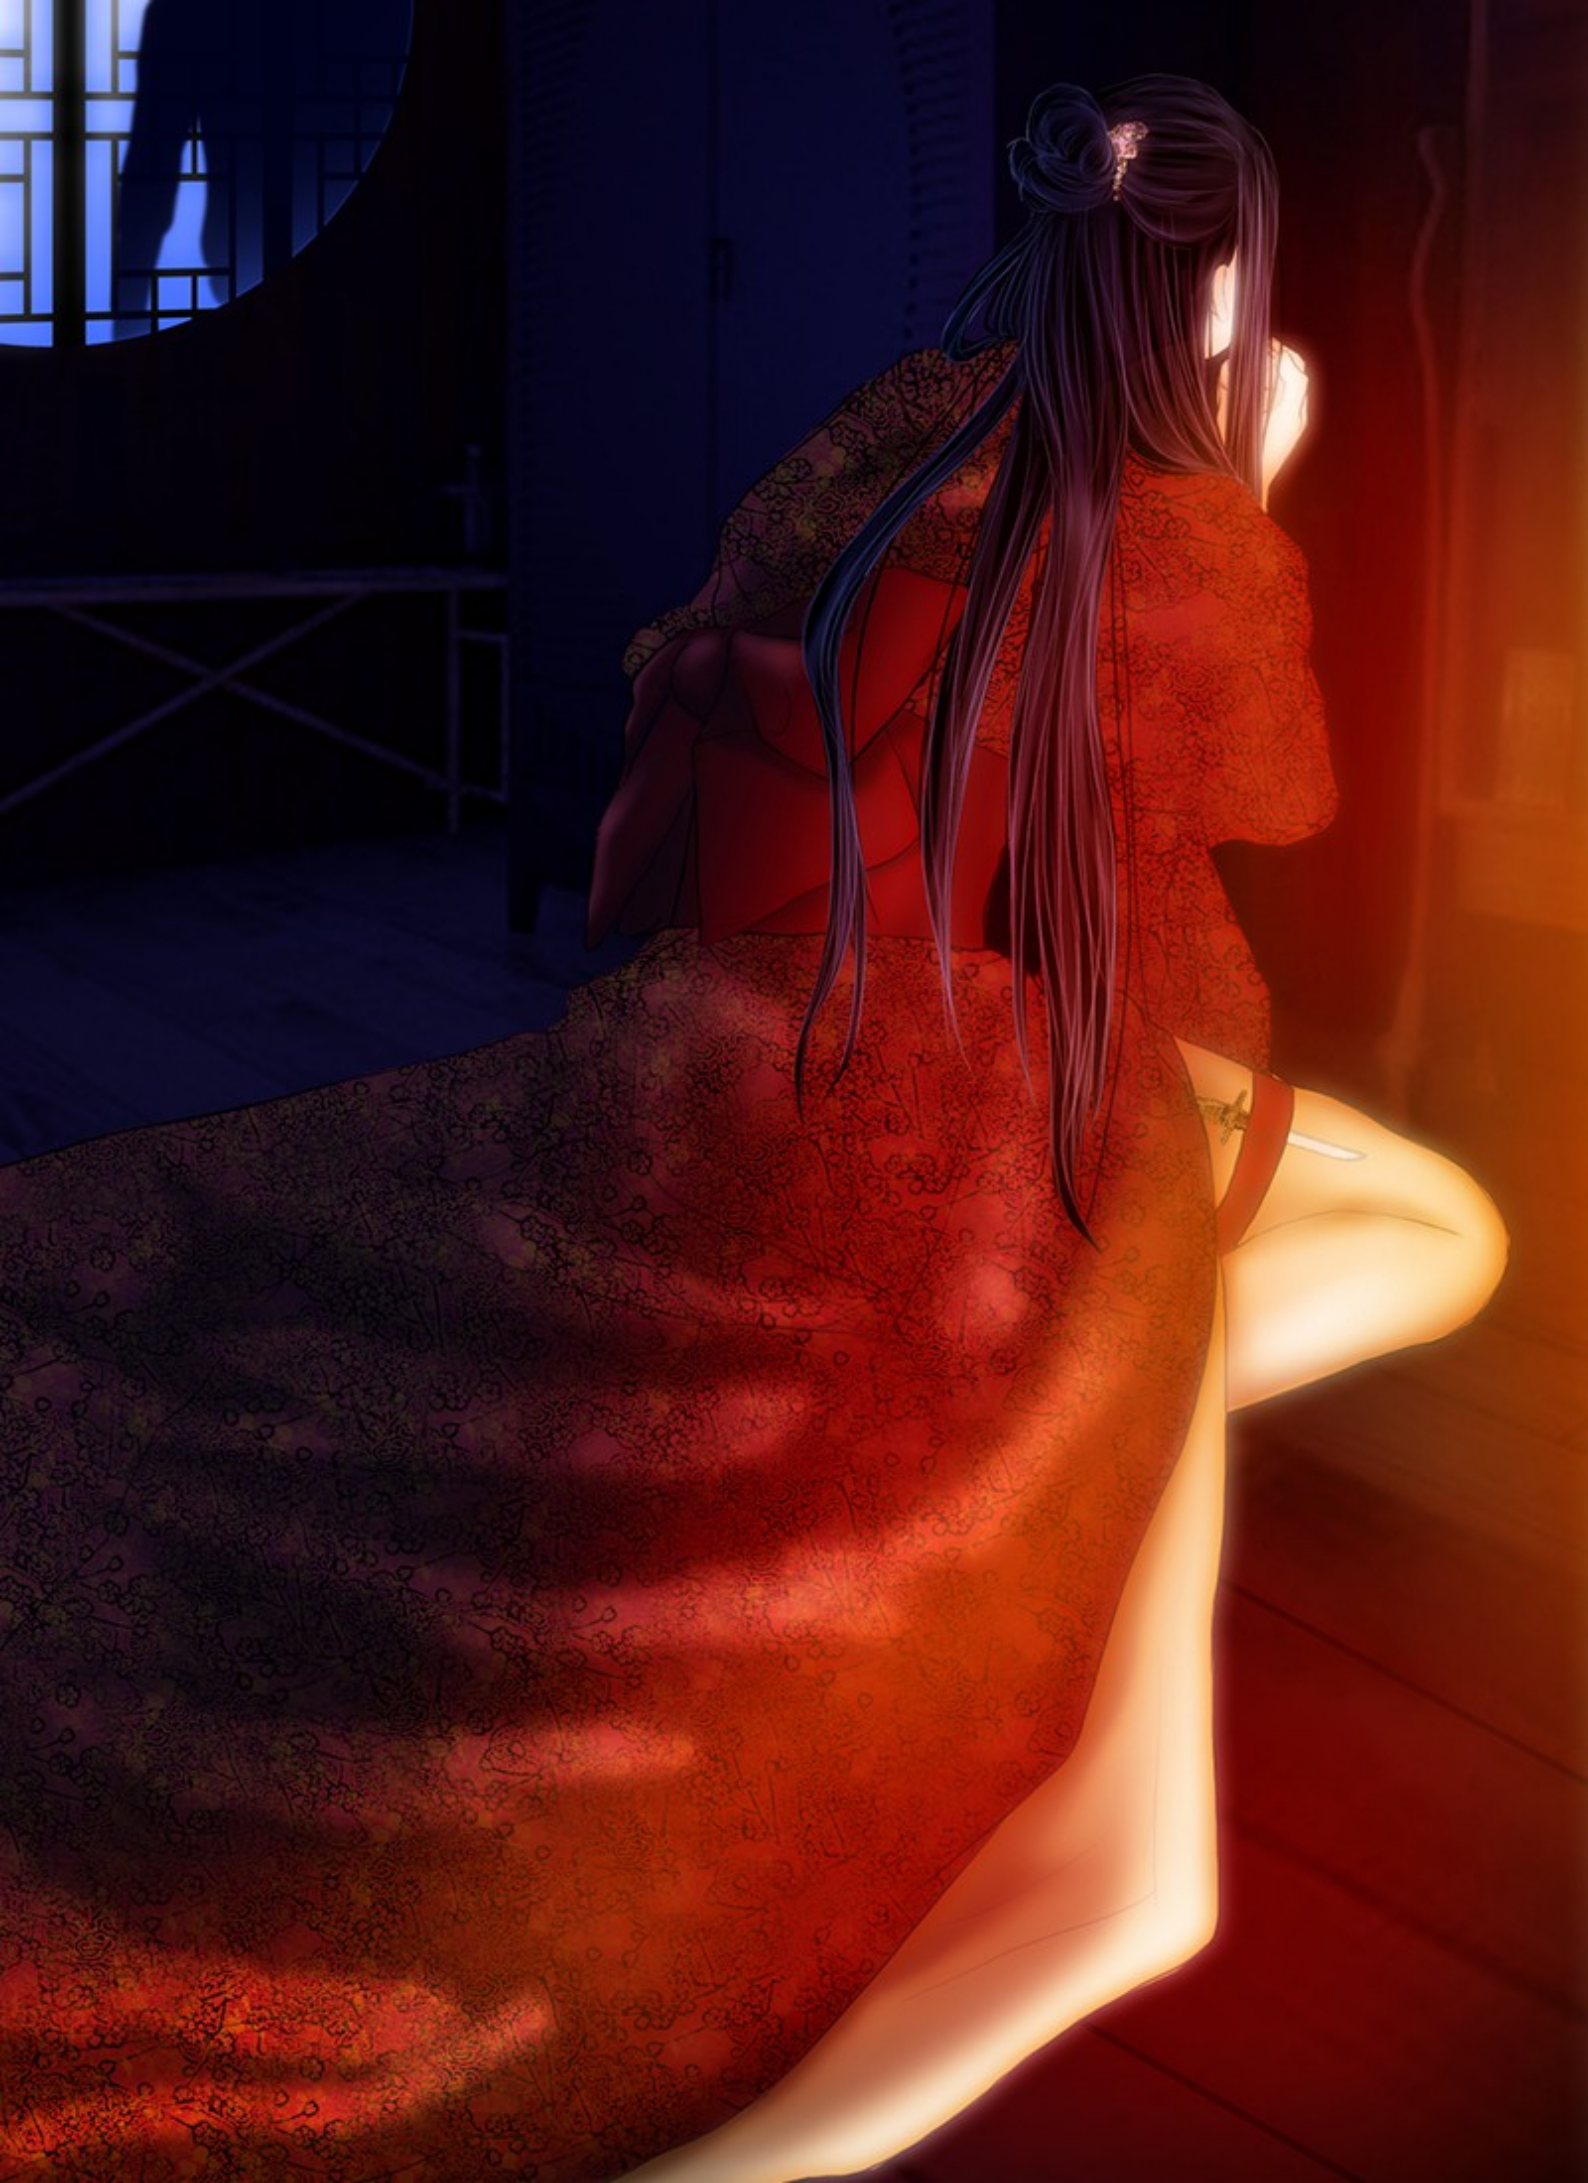

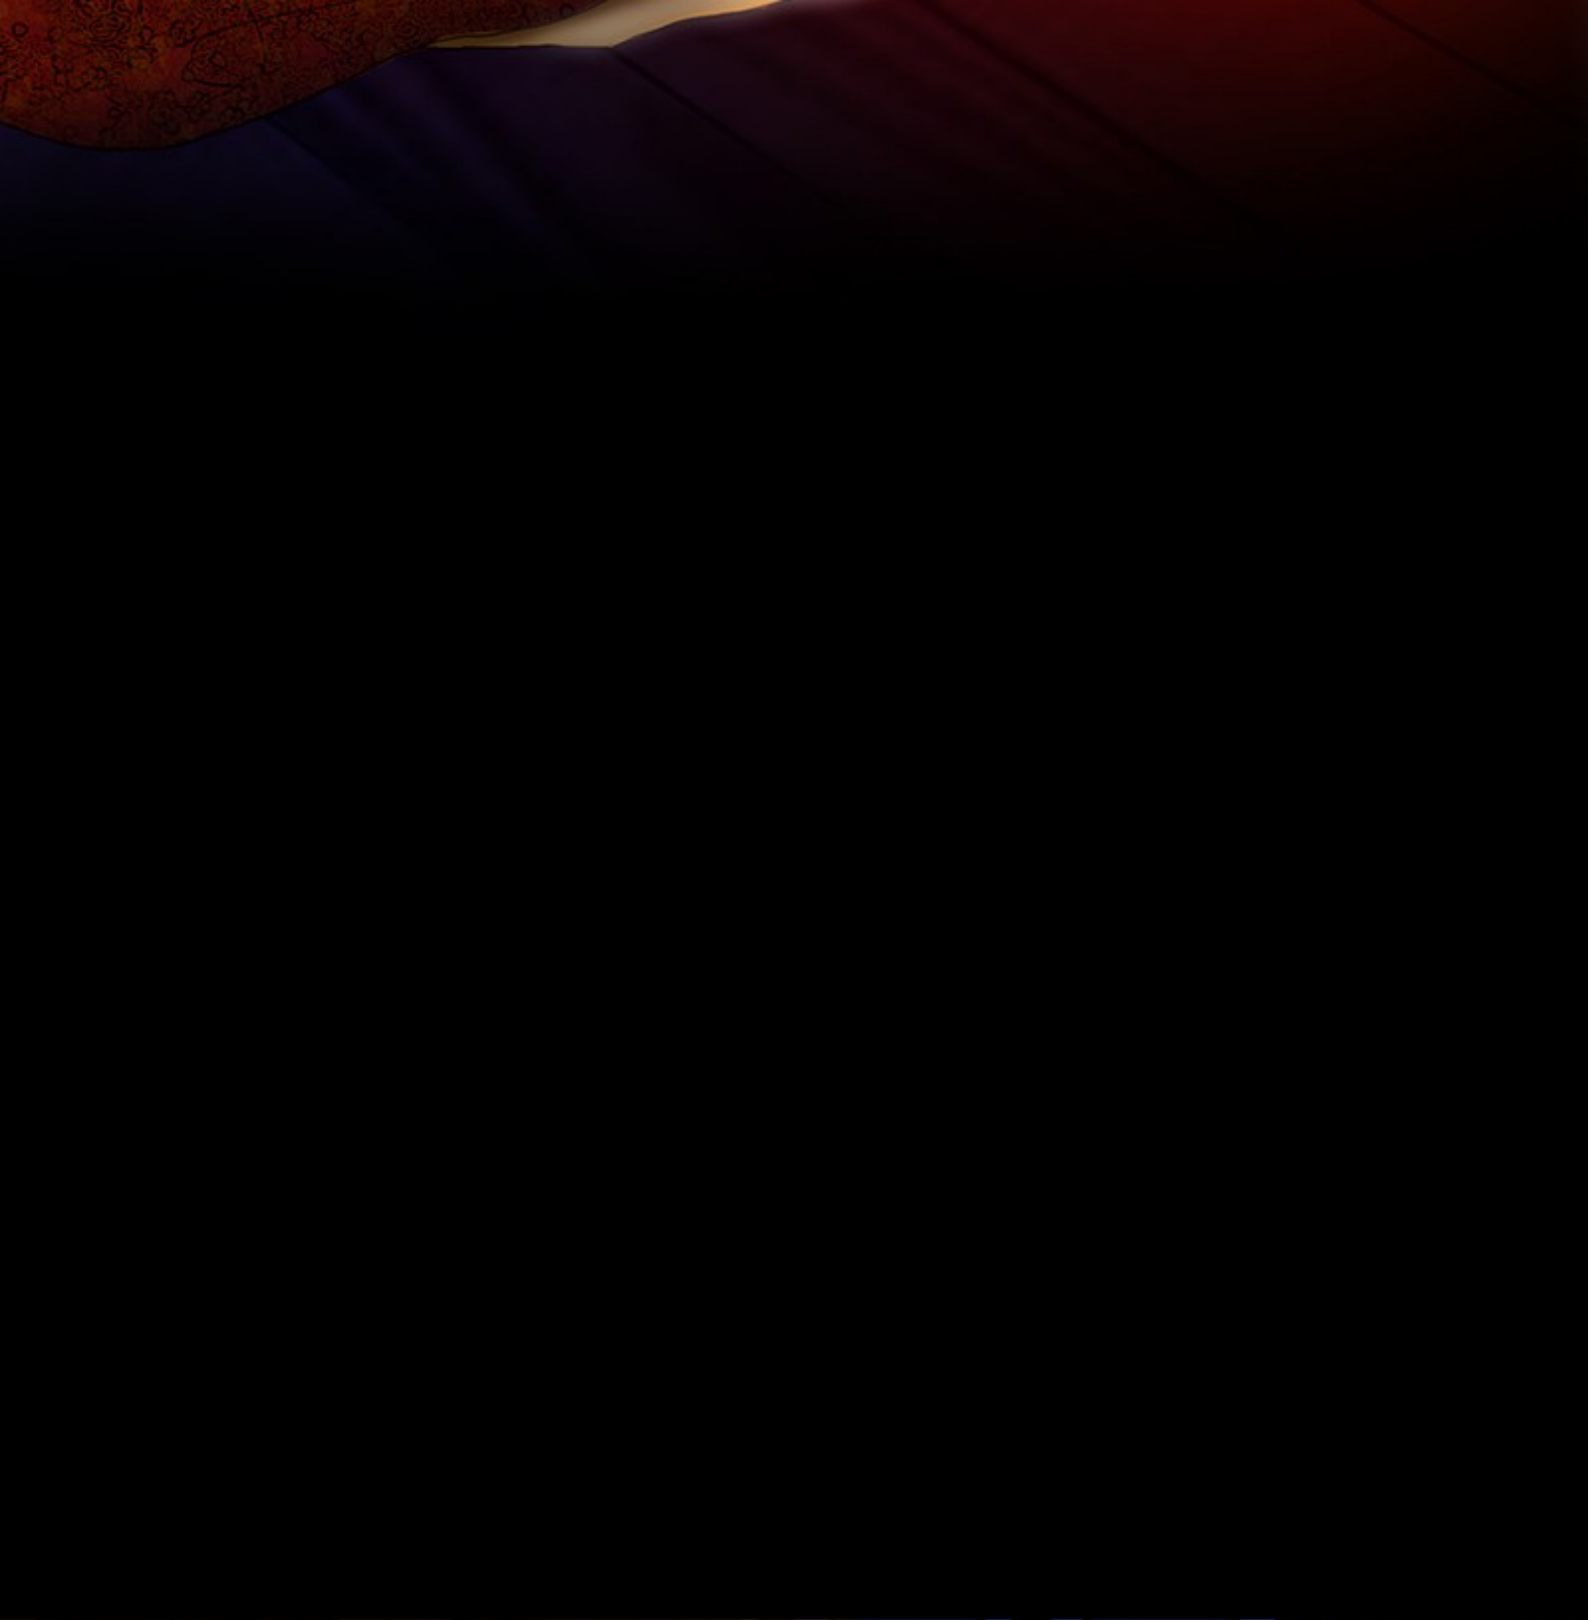

You paint a **fearsome**
picture of yourself.

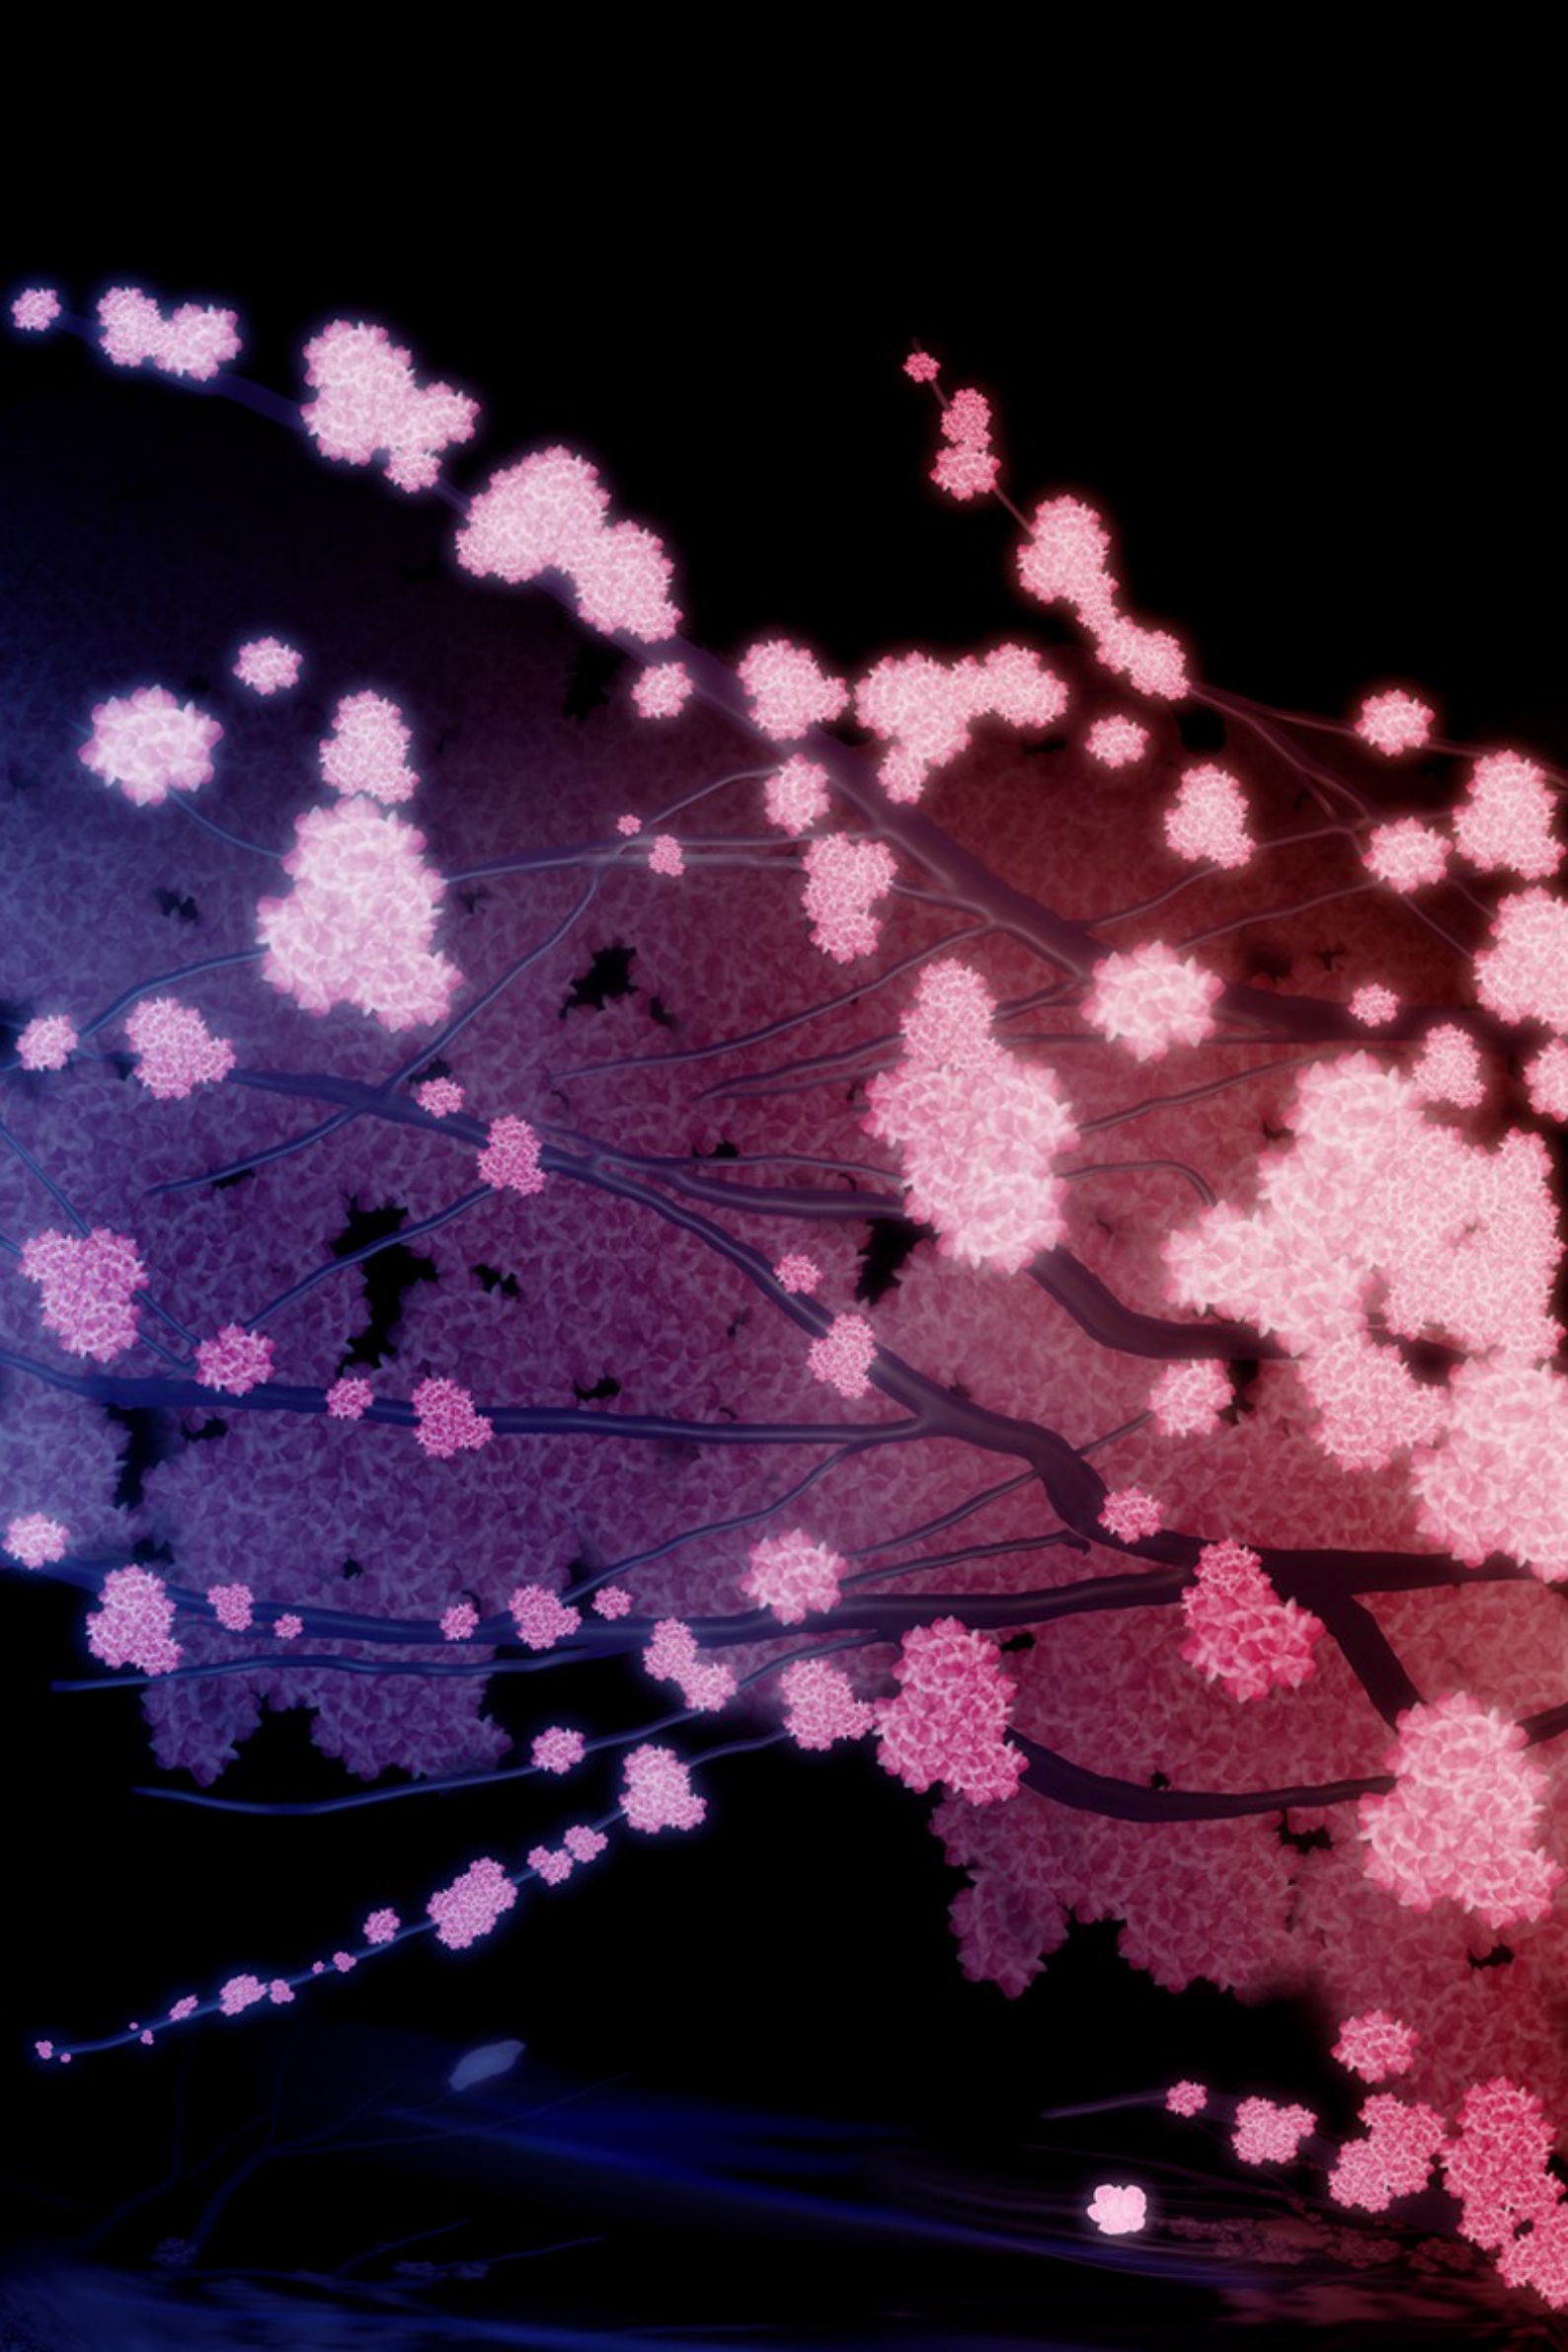

You guard yourself in **deceit...**

I've watched you surround
yourself in your **lies.**

You believe them, don't you?

You love the **fear** you create.

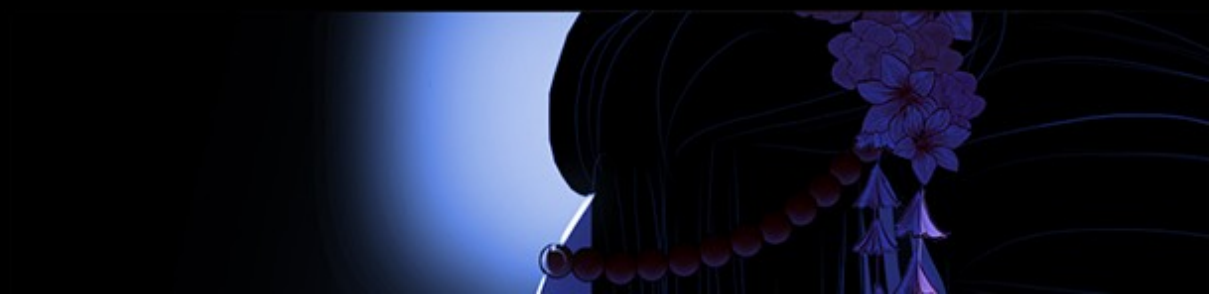

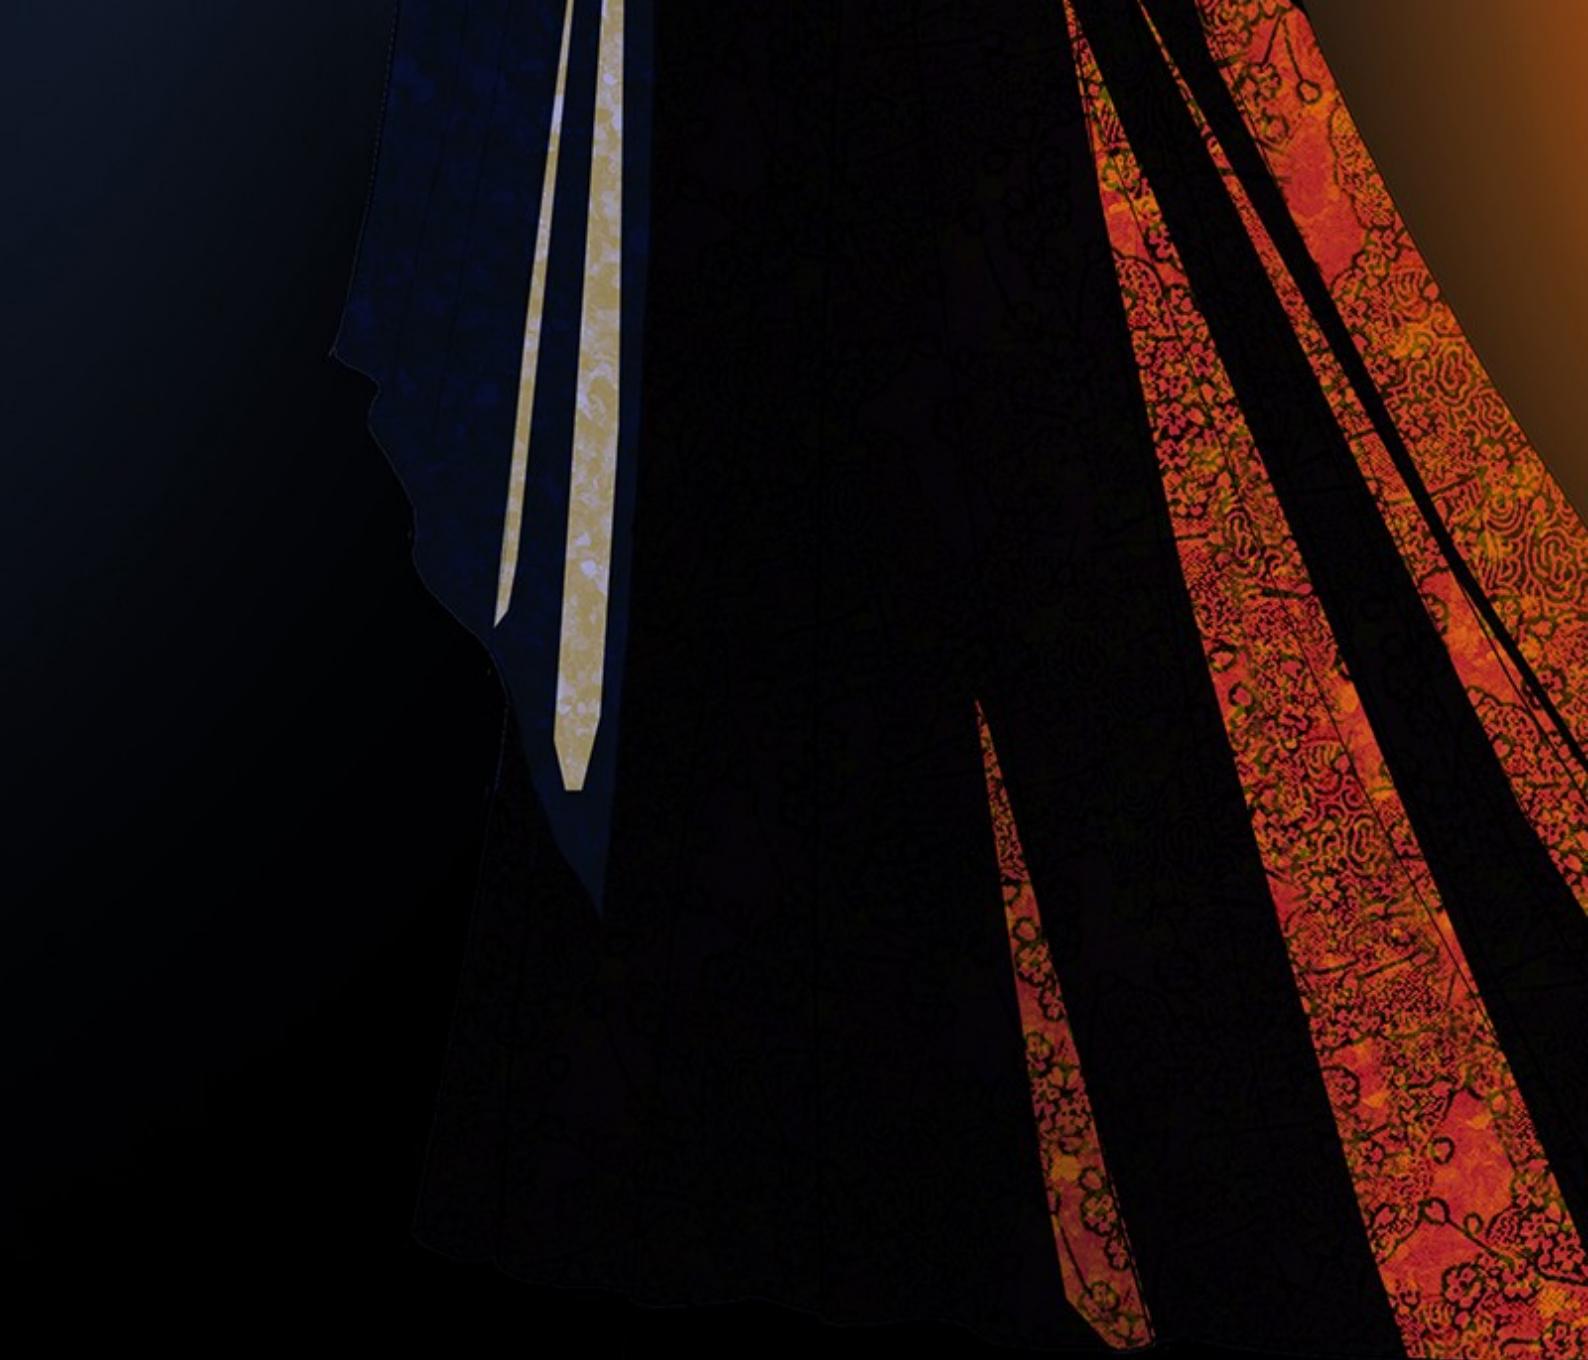

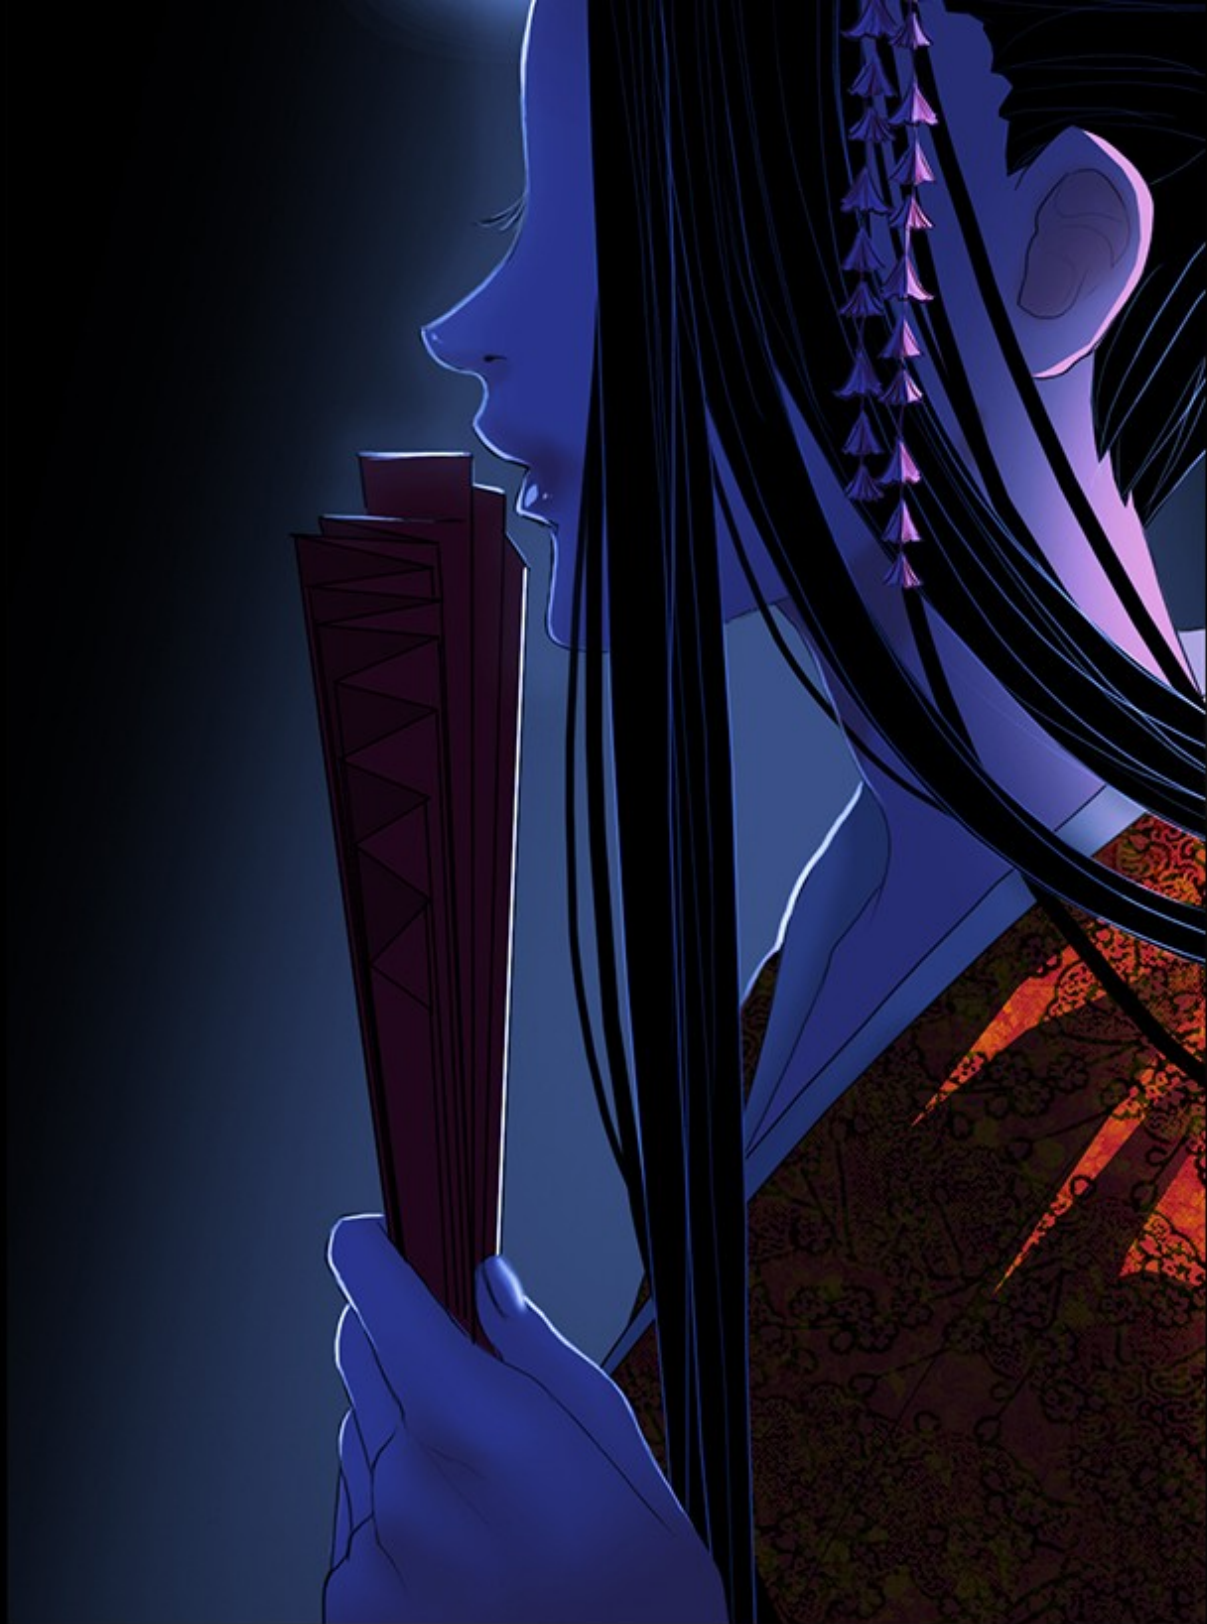

Even now, you expect to see me
tremble in your sight.

I know I should be afraid.
